Description of Scholarships

Scholarships will be granted to full-time undergraduate or graduate students majoring in either engineering or business administration at a public state university or college. Preference shall be given to applicants who will be juniors, seniors, or graduate students in the fall term.

The maximum amount of the scholarship will be equal to the total annual tuition charge, not including fees, for a student classified by the institution involved as a state resident. That amount will also be awarded to a student classified as a state non-resident. However, in either case, that maximum amount will be reduced by an amount equal to the amount of a scholarship or grant awarded to the applicant by some other organization.

The scholarships are renewable and are awarded on the basis of academic merit and need.
